

## 令和2(2020)年度 広島大学大学院先進理工系科学研究科の設置について

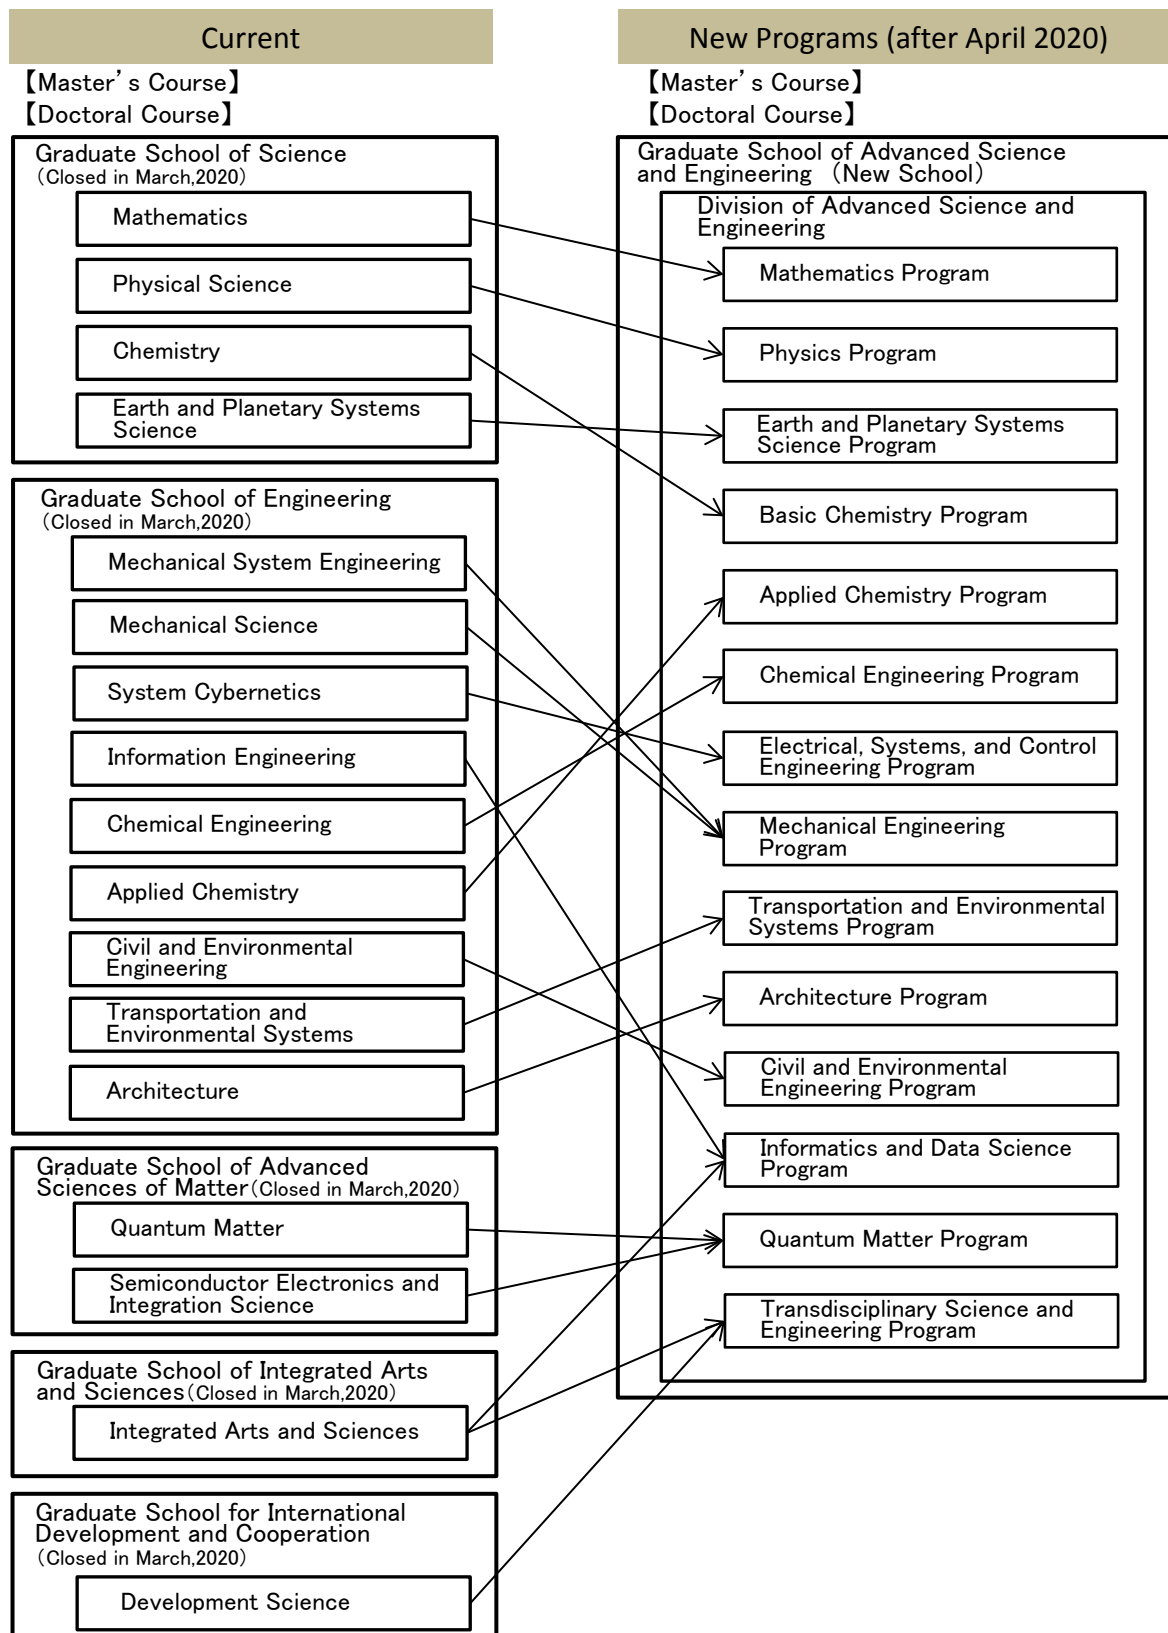

広島大学では、令和2(2020)年4月に大学院先進理工系科学研究科の設置を計画しています。この設置が認められた際は、本入学者選抜の合格者は、設置後の新しい研究科(専攻)に入学することになります。なお、この計画は、現在、文部科学省に申請しているもので、内容は変更となる場合があります。

# New Graduate School (Graduate School of Advanced Science and Engineering) is planned to be opened in 2020

Hiroshima University plans to establish new graduate schools opened in April 2020. After accepting the proposal for new schools by the Japanese Government (Monbukagakusho : MEXT), all of admitted applicants will be enrolled in new schools.

Note that new schools are under review by the MEXT currently and the content is subject to change.

Arrows show which department corresponds to which program before and after the reorganization of Graduate Schools. Please note that some part of a given department in Graduate School of Integrated Arts and Sciences and Graduate School for International Development and Cooperation may also be relocated to the program(s) in Graduate School of Humanities and Social Sciences.

For the program following your enrollment in April 2020, please ask your supervisor about it.
