Hong Kong is Asia's World City. A city that never sleeps with non-stop intensity. A perfect blend of fascinating contrasts where East meets West, where busy city pace meets natural countryside, and where endless skyscrapers meet traditional lifestyle. A variety of rich and diverse experiences packed in an easy and fast to get around city.

Experience life in an international cosmopolitan

Hong Kong has exceptional autonomy in trade and business where many multi-national corporations establish Asian headquarters here. Many people come to learn the secrets of Hong Kong's success.

Follow traces of Chinese and Western cultures

Traditional Chinese values such as loyalty to friends and family, and respect for the elderly are well preserved while its history as a former British colony has left a legacy of western ways.

Explore the outdoors

Over 70 percent of Hong Kong is covered by national parks and greenery. Escape the buzzing city life on one of the world's most convenient public transportation system and indulge yourself in the spectacular countryside.

Travel to Mainland China and Asia in a blink

The commuter train from CUHK reaches the border of Mainland China in just 25 minutes. A day trip to Shenzhen or study break to Beijing are just some of the extensive options available. Being in the centre of Asia, travelling around is extremely fast and easy. Flying to Japan, Korea, Singapore, Thailand or Vietnam only takes a nap.
